We have examined the statement of financial condition of Midkiff & Stone Capital Group, Inc. for the year ended March 31, 2008.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition presents fairly the financial position of Midkiff & Stone Capital Group, Inc. at March 31, 2008, in conformity with U.S. generally accepted accounting principles.
